PRAISE GOD I AM SATISFIED

Upon the mountain dreary, I wondered sad and lone,
Twas there my Saviour found me, and claim me as his own
He placed his arms around me, and drew me to his side,
And now I know I am a child of his, praise God I am satisfied

Chorus

Praise God I am satisfied, for me he bled and died,
I am glad to know that he love me so, for me he's crucified,
Praise God, I am satisfied, for me he bled and died
I am glad to know that he love me, Praise God I am satisfied

He gives me joy and gladness, the clouds he rolled away

My lips now sing praises, how glad I am to day.

For me such needed sinner, he bowed his head and died,
That I might be a child of his, praise God, I am satisfied.

Chorus

When earthly friends forsake me, he does not turn away
And when I seek for comfort, he does not say to me no.

And when I often falter, and wonder from his side
And then I know I am a child of his, praise God I am satisfied

Chorus

When crossing chilly Jordan and my life is ending fast,
My soul shall fear no danger, for Christ my anchor cast,
And crossing chilly Jordan, and with her sweetening tides
My soul shall fear no danger for Christ, is by my side,
praise God, I am satisfied,

Chorus
