PREFACE

For the past ten years we have done more quartet work than any other song book publisher in the United States. Our quartets are an unfailing attraction everywhere, and we have had hundreds of calls for a Vaughan Male Quartet Book.

Every song in this book has been tested out by a good quartet. It contains our "happy hitters,"—the ones the people are calling for.

In addition to the best of the ever-popular favorite folk-songs, Southern melodies, humorous songs, newly arranged for male voices, there are a number of brand new songs written by members of the "Vaughan Fraternity" that will be big hits.

We have used the G-clef for the tenor parts, because singers generally are more accustomed to it than they are the C-clef.
